"Are you a GC player, with a handicap of between 7 to 12, keen to reduce your handicap by improving your game? Then this one-day GC course, with a mix of time on the courts and in the classroom, is for you. Course content will be driven by the needs of those attending, drawn from improving your strokes; understanding tactical scenarios; mind games; making best use of Extra turns / play against them, and competing in a match and tournament".

"By the end of the course participants will be prepared for a significant improvement in their handicap".
